A Majestic Welcome

Hello,

A warm welcome from the MFA, the Majestic Committee and myself, Matt Koerner, Tournament Director of the Minnesota Majestic - our region's premier Disc Golf competition.

This is the 14th Annual gathering for the Majestic Tournament, with play being held June 24th and 25th, 2000 in the Twin Cities.

Over the past few years this event has attracted hundreds of spectators and competitors, including previous and current World Champions, to the North Valley Park course in Inver Grove Heights and the renowned Kaposia Park Disc Golf Course in South St. Paul.

Among touring disc golfers Kaposia is always ranked among the top ten courses in the nation - and with the upgrades planned for both courses, play is going to continue to be better than ever.

On behalf of all the volunteers and competitors, I'd like to invite you to join us in making this the best Minnesota Majestic in its long history.

By combining the energies of our growing disc-golfing community and the generous support of our sponsors, we will do it!

Minnesota Leads in 2000

What's new in Minnesota ?

The "Mighty" Minnesota Frisbee Association has guided the growth of Disc Golf state-wide for the past twenty-five years. Because of this effort, the local disc golf scene today is more vibrant than ever and the future looks brighter yet.

Minnesota now ranks fourth nationally regarding the number of disc golf courses located in the state - and no other metro area can top the eighteen+ courses that surround the Twin Cities.

In recent years, Minnesota has produced several world champions and has a strong base of nationally ranked Pro and Am players in all age divisions.

Soon, the eyes of the Disc Golf world will be focused on the Twin Cities as we host the 2001 Pro World Championships.

Please stay tuned.
